Lichfield employees help clean up the streets

Employees from Lichfield-based Computershare Voucher Services (CVS) are taking part in a litter pick this month to help improve local play areas.

The four volunteers, armed with litter-pickers and high-vis vests, will spruce up two local play areas in Fradley; one at Hay End Lane and the other between Worthington Road and Barlow Drive.

The litter-pick – on 29 July – is part of CVS' ongoing commitment to the local community and becoming a 'greener' employer.

Julian Foster, Managing Director of CVS said: "This is the latest in a number of sustainability initiatives that we've introduced to get our employees thinking about the environment, both in work and in their local community.

"Other projects have included power saving in the office by turning off lights and laptops, recycling bins in all kitchens and most recently the 'PaperLess Challenge' to make employees print less and email more!"

Harry Warburton, Chairman of Fradley and Streethay Parish Council said: "This is a very community spirited action from all involved at Computershare Voucher Services and the Parish Council wholeheartedly supports any initiatives to improve the local area."

ENDS

About Computershare Voucher Services Limited

Computershare Voucher Services Limited (CVS) is the UK's largest dedicated childcare voucher provider responsible for the administration, management and development of childcare vouchers, an employee benefit available to all eligible working parents.

Founded in 1998, CVS has vast experience of the childcare vouchers industry, reinforced by significant technology enhancements which benefit its diverse customer base, spanning every sector, from some of the UK's largest corporations to SMEs. CVS currently works with over 100,000 working parents, more than 12,000 organisations and over 45,000 carers each month.

CVS is also a founder member of the Childcare Voucher Providers Association (CVPA), the industry body launched in March 2011 to represent childcare voucher providers and promote best practice within the sector.
